anytime, anywhere

Best digital tools of the market

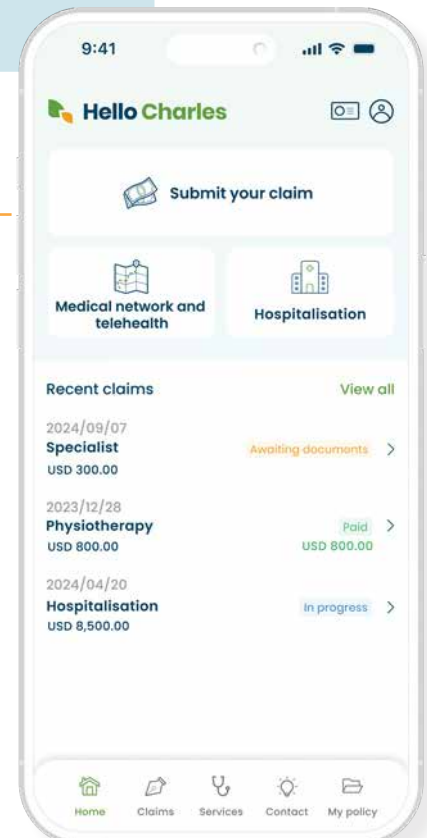

**We use technology to
serve our customers better**

2. Direct billing

Enjoy cashless access to
4,800 hospitals and clinics

4. Second Medical Opinion

Make confident, better
informed medical decisions

How to create your cover in 4 easy steps

Personalise your cover by mixing and matching modules and levels of cover to get the protection you need depending on your situation.

And because each family member is different, you may all have different combinations under MyHEALTH.

Step 1: Select your base cover

Protect yourself in case of hospitalisation or major health condition.

We offer 3 levels of cover:

Hospital & Surgery

This base cover also includes emergency assistance, repatriation and medical evacuation services.

Essential

Extensive

Elite

Step 2: Add optional modules

You may add optional benefits depending on your needs.

Outpatient

If you need to visit a general practitioner, a specialist or buy some prescription medicine, this will be covered under our Outpatient module.

Essential

Extensive

Elite

Dental & Optical

This module may cover treatments such as dental checkups, orthodontics or prescriptions glasses or lenses.

Essential

Extensive

Elite

Maternity

If you are planning for a baby, Maternity coverage will be a must. This will cover your pre- and post-natal care, delivery and newborn care.

Essential

Extensive

Elite

Maternity is available to women between 19–45 years of age who have selected an Extensive or Elite Hospital and Surgery on a nil deductible basis, plus an optional outpatient module.

Step 3: Choose your area of cover

Select your area of coverage depending on your situation.

Worldwide

You are covered anywhere in the world.

Worldwide excluding USA

You are covered everywhere except the USA.

In case of accident or emergency hospitalisation outside your area of cover:

Depending on your level of coverage, you will be covered up to a set amount per period of insurance for sudden illnesses or injuries occurring during the first 30 travel days of any trip outside your area of cover:

- Essential : SGD 150,000
- Extensive : SGD 200,000
- Elite : SGD 250,000

Step 4 (optional): Add discount options

Save money on your annual premium by adding discounting options.

Add a deductible on your Hospital & Surgery module

Choose the option Specified Providers Only for Hospital & Surgery care

Add a co-insurance on your Outpatient module

Please refer to page 8 for details >

Need further guidance?

Don't hesitate to get in touch with our team – we will be happy to help you create the best cover for you.

Add discount options

To save money on your annual premium!

01 Add a deductible to your Hospital & Surgery module

If you have a local insurance plan but need a top up, you might want to consider taking an annual deductible.

A deductible is the amount you are responsible for before the insurance plan starts to pay for medical expenses. For instance, if your deductible is SGD 2,000, you must pay that amount out of your own pocket before we begin paying your medical expenses. The annual deductible is per person per year and only applies to your hospital and surgery plan.

CHOOSE FROM 4 LEVELS OF DEDUCTIBLES

02 Specified Providers Only for Hospital & Surgery care

To further reduce your annual premium, add the option **Specified Providers Only** to your Hospital & Surgery module. By choosing this option, you will be fully covered in our selection of hospitals.

If you choose to receive treatment in a facility that is not listed, it will be subject to a 40% co-payment.

03 Add a co-insurance to your Outpatient module

You can also choose to apply a 20% co-insurance to your Outpatient module to reduce your annual premium. Here is how it is calculated:

- › Only applies to Outpatient benefits
- › **Waived in our Panel Network***: composed of a wide selection of clinics from the APRIL network in Hong Kong, Singapore, Vietnam and Thailand.
- › **Waived for the following benefits**: complementary medicine and traditional Chinese medicine, screening, medical checkup, vaccinations and routine outpatient maternity.

*To be fully covered and enjoy direct billing services, make sure you show your APRIL member card at the reception of the clinic.

Family Discounts

We make insurance more affordable for your family

Whether you are a couple, a family with kids or an extended family, you can benefit from our discounts starting two insured persons.

- › Family is defined as policyholder's spouse, partner, parent, brother, sister, child or grandchild.
- › The discount is based on the number of persons insured at the start of the policy.
- › Family members can have different plans, but they must all have the same policy start and end date.

2 PERSONS

5% DISCOUNT

3 PERSONS

7.5% DISCOUNT

4 PERSONS

10% DISCOUNT

5 PERSONS
OR MORE

15% DISCOUNT

How to calculate your premium

Your base premiums are determined by the following factors:

- The modules you select, your area of cover and your discounting options, if any
- Your actual age when the policy begins

YOUR PREMIUM =

Who is MyHEALTH for?

MyHEALTH is a modular health insurance cover. Our plans are 100% tailor-made to meet all of our customers' needs and budget. Here are a few examples of customers who we created MyHEALTH for:

Expatriate family established in Singapore

You are looking for a family-friendly plan that follows the needs of your children as they grow up and offers a comprehensive cover for yourself and your spouse. You want to be able to choose different levels of coverage depending on your family members' needs.

WE RECOMMEND

Hospital &
Surgery

Outpatient

EXTENSIVE

WE OFFER YOU

Asia Insurance Industry Awards 2024 Service Provider of the Year

Our award-winning Easy Claim app

**Global Business
Review Awards 2022**
Most Innovative Health
Insurance App Asia

Access all your insurances services anytime, anywhere

Find medical providers around you

- › Access your electronic insurance card
- › Check your coverage anytime
- › Find your APRIL contacts

Track your claims status

- › Submit your claims
- › Submit your hospitalisation requests

1. Get in touch with a doctor

Get a consultation with a licensed medical practitioner without even leaving your house. Simply send a request on Easy Claim and a doctor will call you back within 3 hours.

Included in your policy
with unlimited usage

Available 24/7 in English
or in French, Mandarin and
many more languages
(9 AM to 9 PM, Monday to Friday)

2. Second medical opinion

Receive a free Second Medical Opinion from the best medical experts in your pathology. Through our partner Teladoc Health, we offer you access to a network of 50,000 experts worldwide. Get an external, unbiased medical opinion to confirm a diagnosis, explore alternative treatments or simply understand your condition better.

Our TeleHEALTH services are provided by

Teladoc
HEALTH

- › Global leader in virtual care
- › 43 million members worldwide
- › Covering more than 175 countries
- › 90% members satisfaction

TeleHEALTH is not an emergency service. In case of emergency, please contact our 24/7 assistance platform.

Get access to

4,800 trusted medical facilities in Asia

For outpatient visits, simply show your APRIL member card in our selected facilities and you won't have to pay anything out of your pocket.

2 Types of

Outpatient cashless networks in Asia

- › Our **General Network** is composed of 4,800 top-quality medical facilities in 14 different countries in Asia, including Singapore, Hong Kong, Thailand and many more.
- › Our **Panel Network** is a selection of medical facilities within this same network, albeit in Singapore, Hong Kong, Vietnam and Thailand only. Members with a 20% co-insurance will be eligible for direct billing in this selection of facilities only.

Some treatments are not eligible for direct billing, such as medical checkups, dental treatments or traditional Chinese medicine.

Direct settlement of your inpatient costs

For non-emergency hospitalisation or treatment, send a pre-authorisation request to us **at least 5 working days in advance**. Our in-house team of medical experts will study your request and make sure:

The recommended treatment is the best option for you

In some cases, we might provide a second medical opinion

Your treating doctor is the most qualified

That the costs of treatment are reasonable and customary

Controlling costs on major medical treatments by negotiating rates with hospitals helps us offer sustainable premiums year after year.

Once your request has been accepted, we will issue a Letter of Guarantee to the chosen medical facility and settle the cost of treatment directly. Today, we are able to place LOGs in a great majority of hospital worldwide.

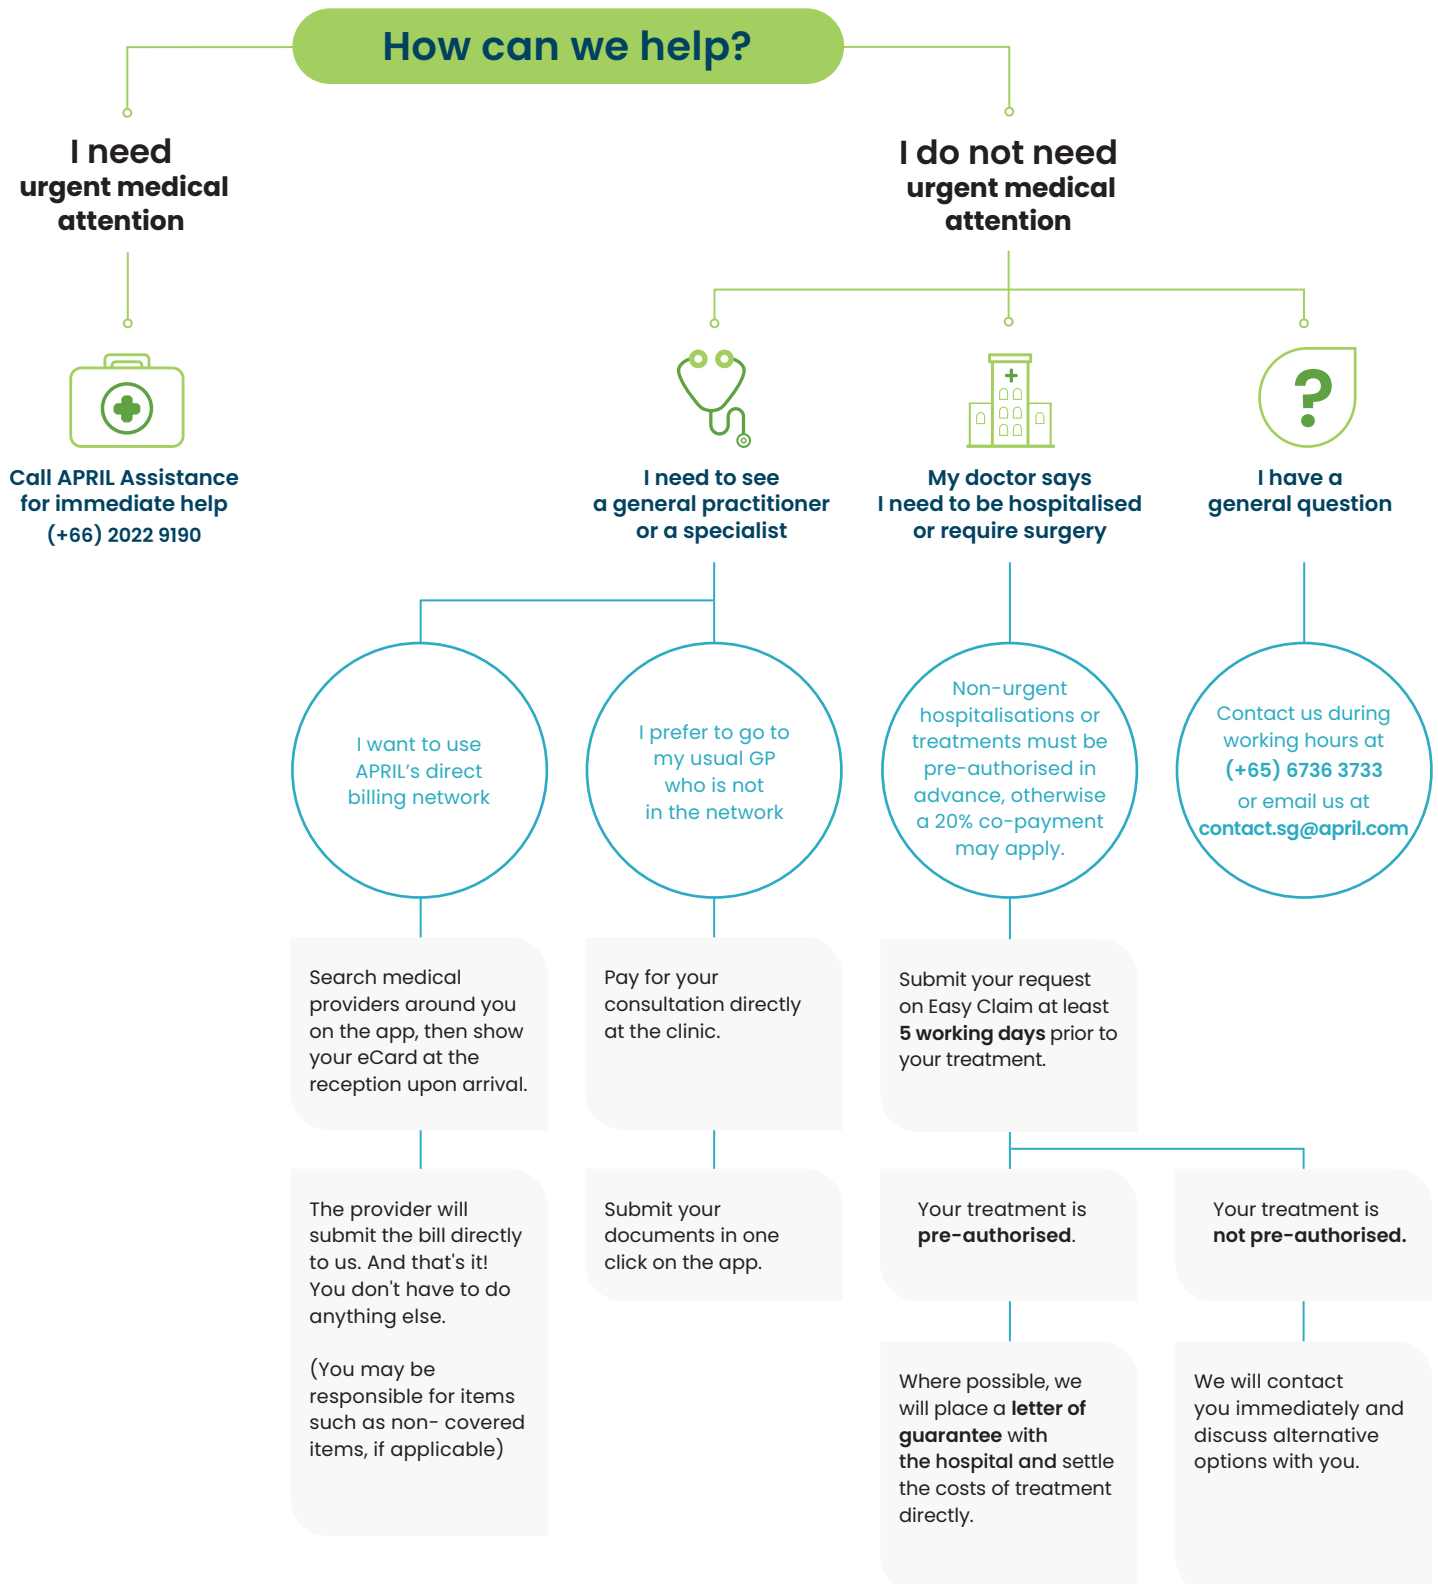

Hospitalisations, outpatient surgery and rehabilitation treatment must be pre-authorised in advance, otherwise a 20% co-payment may apply.

24/7 Medical Assistance

In case of medical emergency, call our 24/7 assistance platform in Bangkok. Wherever you are in the world, our team will assist in transferring you to the most appropriate medical facility to receive the treatment you need and/or transport you back home after receiving your medical treatment.

Need support? All your services are just one click away on your Easy Claim app

Underwriting Process

Underwriting is the process of assessing risk in order to offer insurance and set the premium you pay. Medical insurance underwriting considers your medical history and whether pre-existing conditions will be covered or excluded.

- Health insurance is all about covering the unexpected costs of healthcare. If you have been sick or treated in the past this changes your risk profile and we have two ways of underwriting to address this.

01

Full Medical Underwriting

We ask you detailed questions about your medical history when you apply

- › Complete the Full Medical Underwriting Application Form.
- › You must be 65 years or below to apply.

You will receive an offer from us or we may request additional information. Please provide the additional information quickly as this can delay your cover. Coverage can start as soon as you accept our offer

02

Moratorium Underwriting

No medical questions will be asked and we will assess the eligibility of your claim when received.

- › Complete the Moratorium Underwriting Application Form.
- › You must be 45 years or below to apply.

You will receive an offer letter. Your cover will start after the payment of your premium.

03

CPME (Continuous Personal Medical Exclusions)

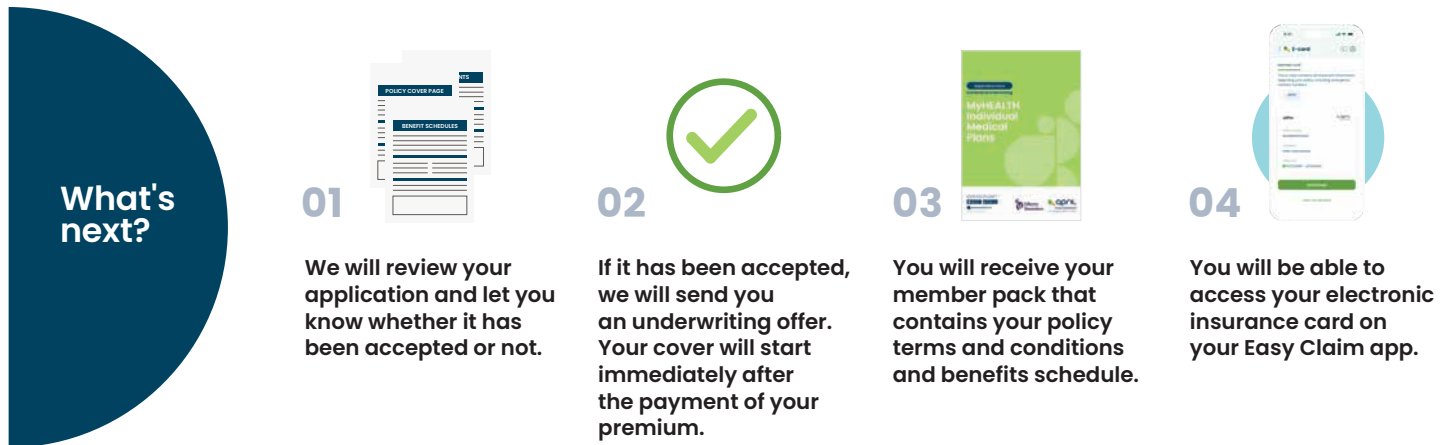

Continue your cover under the same terms as your previous insurer.

- › Complete the CPME Application Form.
- › Send us your original terms and existing Benefits Schedule.
- › You must be 65 years or below to apply.

We will review your application and let you know whether it has been accepted or not.

Application Process

I just sent my application:

Remember, you have a Free Look Period of 30 days from the date you receive the policy.

Payment Options

Premiums may be paid in SGD or USD. We offer the following payment options:

Health & Protection Awards 2024
Best International Individual
Health Insurance Provider

Frequently asked questions

Who can apply for insurance?

Anyone residing in a country acceptable to us at the time of application and not older than 65 years for fully underwritten and CPME policies and 45 years for moratorium policies. Children may be covered as dependants in a policy.

Is there a maximum renewable age?

No.

Can you tell me more about the application method?

We offer Full Medical Underwriting, Moratorium and CPME Underwriting. Full Medical Underwriting requires you to complete a medical questionnaire for each person to be insured. Full disclosure of your medical history must be provided. The answers you give will form the basis of any insurance policy issued. Declared conditions may be accepted as standard, excluded and/or covered with a premium loading. An offer will be made based on the declarations provided in the form. In some cases, we may have to decline the application.

Any pre-existing conditions not declared during the underwriting process can jeopardise your coverage. Subsequent to the policy being issued, if a non-disclosure is discovered, the insurer may impose an exclusion or in more serious cases, void policy in its entirety from the start. If you are uncertain about whether any particular fact needs to be disclosed, you should disclose it.

If you select Moratorium underwriting you must complete the Moratorium Application Form. Under Moratorium policies, all pre-existing or related medical conditions which occurred or were treated within a 24 month period prior to the date of joining or has one of the following characteristics will be excluded from cover:

- Was foreseeable
- You have had signs or symptoms or you were aware of the condition
- You have referred the condition to a doctor or have sought advice for it
- You have received treatment for the condition or a related condition

These conditions may be covered after you have had continuous cover with us for 24 months and you have not had any symptoms or sought advice or needed or received any medication or treatment for the condition or any related condition. Once you have completed a 24 month period where none of these apply, the medical condition may then be covered.

Examples of pre-existing conditions that will never be covered include diabetes, chronic hypertension, hyperlipidaemia, ischemic heart disease, cancer, thyroid disease, and auto-immune disorders. If you have suffered from any of these conditions, or any other condition for which it is generally accepted medical advice that it should be monitored in any way, then that condition will never be covered. Any condition related to an excluded condition will also be excluded from cover.

Finally, the CPME application process allows you to continue your cover under the same terms as your previous insurer without further medical underwriting. You must complete the CPME application form and provide us your original terms and existing Benefits Schedule. We will review your application and assess whether you are eligible for a transfer to MyHEALTH. To be eligible, your previous insurer must be part of our approved list.

What is a pre-existing condition?

A pre-existing condition is an illness or a health condition that is known at the time you submit your application. It can be related to a hospitalisation that occurred in the past or an illness that is congenital (i.e. what you are born with). Furthermore, it can be linked to a major condition that you have suffered in the past or currently suffering. This includes conditions such as asthma, high blood pressure, heart diseases, mental illness...

Can family members have different plans under the same policy?

Certainly!

My spouse and I have insurance coverage through work but it does not extend to our children. Can I apply for a plan for just my children?

Yes, but we will name you, the parent, as the policyholder.

When can coverage begin?

Coverage can begin as soon as you accept our underwriting offer.

If I move or return to my home country, can I take my plan with me?

Provided there are no regulatory restrictions in the country that you move to, we will continue to offer renewals. The premiums however may change depending on the country you move to.

Am I allowed to make changes to my plan?

Yes, you can make changes to your plan at renewal. Just let us know in writing as soon as you receive your renewal offer. Changes to your coverage will likely result in a change in premium and any upgrades in coverage will be subject to underwriting.

Can I choose my own medical provider/doctor?

Yes, you have the freedom to choose your own provider if you have a nil co-insurance outpatient plan. We offer an extensive Outpatient Direct Billing Network for your convenience. By using the network, you will enjoy cashless service at numerous high quality providers across Asia.

If you have an outpatient plan with a co-insurance, the co-insurance will be waived if you use our panel network. If you choose a doctor outside of the panel network, the co-insurance will apply.

For inpatient treatment, if you have selected the option "Specified Inpatient Treatment", you will be fully covered within a selection of providers only.

Will I be penalised if I make a big claim?

Never! Our plans are community rated which means no matter how large your claims may be during any policy year, you will always have the opportunity to renew your policy at prevailing rates. You will not be rated individually.

How are my premiums determined at renewal?

On an annual basis, we may adjust premiums to ensure the plan keeps up with medical costs. Your renewal premium is affected by the annual adjustments that we make and we will inform you at renewal what was the base increase applied.

In addition to the annual adjustment that we make, the following factors contribute to the overall determination of your renewal premiums.

- The published rates in effect at the time of your renewal for your plan selection and your age on the first day of your renewed policy;
- Any underwriting premium loadings that you accepted at the start of the policy;
- Family discounts based on the headcount at renewal (if applicable);
- Any changes that you make to your plan at renewal; and
- Any increase in age band

How do I renew my policy?

Your policy auto-renews every year. One month before your renewal date, you will receive your renewal policy with debit note. If you decide to renew, we must receive your premium on or before the start date of your renewed policy. If you do not wish to renew your policy with us, please inform us before the expiry date of your current policy.

There are certain circumstances that the policy will not cover, which are stated as exclusions. Here is an extract of some of the exclusions but you are advised to read the full list in the policy terms and conditions.

- Services which are not medically necessary to treat illness or injury or to diagnose symptoms that suggest you may have illness or injury.
- Pre-existing conditions and any related, associated or consequential disabilities which were not disclosed to us before the period of insurance and which we have not agreed in writing to cover under this policy.
- Treatment which is covered by insurance or a source of indemnity other than this policy.
- Emergency Dental Treatment related directly or indirectly to biting, chewing or teeth grinding.
- Treatment, care or tests directly or indirectly related to :
 - Major assisted conception, contraception, sterilisation, fertility or infertility, prior history of miscarriages, hypogonadism or testosterone deficiency, sexual dysfunction, or abortion other than for therapeutic reasons;
 - pregnancy or childbirth, or complications of pregnancy following major assisted conception, other than services claimed under Maternity Benefits where specifically provided on the benefits schedule;
 - elective caesarian section prior to the 38th week of term;
 - sexually transmitted disease;
 - cosmetic treatment or gender reassignment surgery or therapy;
 - sleep disorders or behavioural or developmental disorders;
- The following services, whether or not recommended or prescribed by a physician :
 - Experimental or unproven treatment;
 - House calls, delivery of medicine or other items, or any service rendered at a person's home, office, hotel room, or similar place;
 - Non-prescription drugs, vitamins, nutritional supplements, chelation therapy, bioresonance therapy or diagnosis, or colonic hydrotherapy; and other complementary medicine services not specifically listed on the benefits schedule.
- The following services, whether or not recommended or prescribed by a physician :
 - which are not reasonable and customary;
 - for medical certificates or administrative fees such as a charge for providing a claim form or medical records;
 - incurred outside the period of insurance or in any period for which the appropriate premium has not been paid;
 - incurred during the period of insurance for drugs and/or medical services consumed or provided once the period of insurance has ended; or
 - charges which are not reasonable and customary charges, meaning any charges for medical treatment which exceeds the general level of fees and charges made by other similar professional standing in the same locality where the charges are incurred, without regard to ability to pay or availability of insurance.

What does reasonable and customary mean?

In relation to a charge, "reasonable and customary" shall mean an amount comparable to that charged by others of similar professional standing in the same locality, for the same class of hospital room, for a person of similar sex and age, for a similar disability, without regard to ability to pay or the availability or adequacy of insurance. Where an insured person stays in a hospital room above the hospital room and board level shown on the benefits schedule, reasonable and customary charges will be limited to comparable charges for the highest class of room for which the insured person is covered.

We may adjust any and all benefits payable in relation to any charges which is not a usual, reasonable and customary.

For more information, contact your insurance consultant :

This policy is protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for **your** policy is automatic and no further action is required from **you**. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact Liberty Insurance or visit the GIA or SDIC websites (www.gia.org.sg or www.sdic.org.sg). This policy is not a Medisave-approved policy and **you** may not use Medisave to pay the premium for this policy.

This is a short-term accident and health policy and the insurer is not required to renew this policy. The insurer may terminate this policy by giving **you** 30 days' notice in writing.
