

Specified Inpatient Providers List and Guide

You can save on your premium by choosing a Hospital and Surgery module with a **Specified Inpatient Providers** restriction. If you choose this option, you can only enjoy full coverage under your Hospital and Surgery module at specific hospitals.

- In **Hong Kong**, you can enjoy full coverage at public hospitals within the public admission, Canossa Hospital, Evangel Hospital, Gleneagles Hong Kong Hospital, Hong Kong Baptist Hospital, Hong Kong Hospital Authority Hospitals, Precious Blood Hospital, St. Paul's Hospital, St. Teresa's Hospital, Union Hospital, and CUHK Medical Centre.
- In **Singapore**, you can enjoy full coverage at Farrer Park Hospital, government restructured hospitals, Mount Alvernia Hospital, Parkway East Hospital, and Thomson Medical Centre.

If you receive treatment outside of the listed facilities in Hong Kong and Singapore, you will be subject to a 40% coinsurance.

- In **Thailand**, your treatment will be subject to a 40% co-insurance for any service in Bumrungrad International Hospital, BNH Hospital, Bangkok International Hospital, MedPark Hospital, Bangkok Hospital Pattaya, Bangkok Hospital Chiang Mai, and Bangkok Hospital Samui.

Members insured under a policy issued in Hong Kong or Singapore are not subject to this restriction and can choose any medical facility in Thailand subject to the clause below. You can enjoy full coverage in all private hospitals in Thailand except for the above-mentioned providers.

Outside of Hong Kong, Singapore, and Thailand, you can receive treatment at any Inpatient medical provider (**with the exception of United Family, Sino United, and Parkway in Mainland China**) as long as the cost is (i) reasonable and customary, and (ii) less than or equal to one of the providers listed above.
